Subject: GST Rate Transition – Ensuring Smooth Operations Together

Dear Business Partner,

We extend our warm greetings to you.

This is to inform you that pursuant to the recent revision in Goods & Services Tax (GST) rates effective 22.09.2025, the MRPs of certain products have been revised.

Please note the following:

- Products will continue to be billed at the existing PTS/ PTR.
- The entire benefit of revised GST rates is already factored in the New MRP.
- You are requested to ensure that this benefit is passed on to the final consumer.
- Until fresh MRP stock is circulated, old MRPs may continue to appear on certain packs. Display of old MRP stock is permitted until new MRP stock reaches the market, provided the benefit of GST reduction is passed on vide FAQs – 2 on the decisions of the 56th GST Council held posted on 16th Sept. 2025, by PIB Delhi.

Below are the item-wise details of old/ new GST rate & old/ new MRP:
